## **Portable PDF-XChange Viewer Crack + With License Code Free For PC [Latest-2022]**

Portable PDF-XChange Viewer offers a simplified interface that can be used by beginners. It allows you to view PDF files and edit their content. However, it's important to point out that Portable PDF-XChange Viewer uses a PDF copy of the original document. This, however, doesn't mean that it's not possible to recover lost data. The program automatically saves all document content, including text, images, audio, video, and other files. Therefore, once you run Portable PDF-XChange Viewer, you can use the tool to view the entire document, recover the original PDF file, and more. Furthermore, when viewing PDF documents, Portable PDF-XChange Viewer is able to detect if the file is digitally signed. In other words, it verifies the original file to make sure it hasn't been altered. Due to its simplicity, Portable PDF-XChange Viewer is an easy-to-use application that's ideal for beginners. Moreover, it's a useful tool, you can use the app to view, recover, and restore lost or corrupted PDF files. Plus, it can be used as a full text viewer and editor. Key Features: - View PDF documents: Document viewer - Recovery: Recover original PDF files and imported files - Export: Export to PDF, XPS, or JPG - Import: Import PDF, XPS, or JPG - Manage: Merge or split PDF files - Sign: Sign or verify digitally signed PDF files - OCR: Recognize text on page using OCR - Hand: Use your mouse to move to a specific point on the page - Snapshot: Automatically capture a screenshot of the page - Zoom: Zoom in on specific text - Magnifier: Use your mouse to scroll over a document - Bookmark: Add bookmarks and save them - Rotation: Rotate page 90 degree clockwise or 90 degree counter-clockwise - Links: Add a hyperlink to the current page - Stickys: Create sticky notes - Calc: Create and add a formula with appropriate units and precision - Ruler: Mark and drag sections of the page - Magnifier: Use the mouse to zoom in - Type: Add text to the current page - Hand: Add text using the mouse - Features: Change document type from tabbed PDF to PDF - Search: Search for specific text - Paste: Paste text from other documents

## **Portable PDF-XChange Viewer Crack + Free License Key (Latest)**

Portable PDF-XChange Viewer is an application that allows you to view PDF files and which doesn't require installation. In other words, your Windows registry entries are not changed in any way. Plus, you can store the tool on any external device and run it on any computer. The user interface is easy to use so beginners will quickly learn how to work with PDF-XChange Viewer. Once you have added a file (the "drag and drop" method is supported), you can view page thumbnails, switch to full screen mode, create and edit bookmarks, as well as flatten, summarize, import and export comments. Furthermore, you can insert, extract and delete PDF pages (i.e. PDF joiner and splitter), rotate or crop pages (e.g. remove white spaces), place a signature, attach a file, and recognize text on pages using OCR. You can also use various tools, such as hand, snapshot, select, zoom in and out, magnifier, pan and zoom, stamp, sticky note, typewriter, text, highlight, callout, pencil, eraser, arrow, line, measuring and link tools. The program uses a moderate amount of system resources and is easy to work with, whether you are experienced or not. All in all, Portable PDF-XChange Viewer is a great tool for viewing PDF files and applying basic edit functions to them. We strongly suggest you try it. For your convenience, you can now download the latest version of Portable PDF-XChange Viewer directly from PortableApps.com. Portable PDF-XChange Viewer is an application that allows you to view PDF files and which doesn't require installation. In other words, your Windows registry entries are not changed in any way.
